

Dear colleagues,

On behalf of the Executive Committee of the International College of Neuropsychopharmacology (CINP), I would like to welcome you to the new website representing a new era within the history of CINP. Within the next months, you will see changes taking place with regard to the look and feel of our society, but also some completely new approaches in terms of CINP membership and industry involvement.

A first step towards improvement will take place on the level of our new membership database, directly connected to the new website. You will be glad to see that functionality will improve greatly as well as user-friendliness and possibilities to connect with one another also online. Simply log into your membership profile at the top right corner to enjoy your CINP membership benefits. If you are not part of CINP yet and would like to become a member of the college, feel free to apply for your [CINP membership](#).

Since June 2018, [International Conference Services \(ICS\)](#) manage CINP from their Vienna Head Office and the team looks forward to making sure all your needs with regard to future congresses and membership are covered to the fullest. ICS is a global company with offices in Vancouver, Toronto, Denver, London, Barcelona and Vienna and brings valuable knowledge and experience to our association.

Furthermore, I would like to announce the dates for the upcoming CINP International Meeting 2019 in [Athens \(October 3-5, 2019\)](#) as well as the CINP World Congress 2020 in [Taipei \(June 25-28, 2020\)](#). Our team started with the preparations and is doing its best to make the future meetings valuable and successful. More information will follow shortly.

In the meantime, should you have any questions or concerns, please contact the CINP Head Office via info@cinp.org.

With kind regards,

A handwritten signature in blue ink, appearing to read 'Kasper', is written in a cursive style.

Prof. Siegfried Kasper
CINP President (2018-2020)
